19th Annual Shepherd's Corner

This all-terrain race will offer a course that surveys the diverse landscape of Shepherd's Corner Ecology Center. Run alongside natural gardens, across meadow trails, by a wetland, and through wooded paths.

Feed the Hungry, feed the spirit

Over the past seventeen years, Shepherd's Corner has donated over 49,443 pounds of naturally grown produce to local food pantries. We are committed to donating produce to feed the hungry in our community. Participating in this annual event makes you a partner in this life sustaining effort.

We love dogs but because of our livestock, we don't permit pets on the property.

How to register

- Online at the link above.

About Shepherd's Corner

Shepherd's Corner is an ecological ministry supported by the Dominican Sisters of Peace, offering a wide array of agricultural, educational, and spiritual opportunities. This sanctuary is surrounded by suburban sprawl.

In the midst of diminishing farmland and wilderness, Shepherd's Corner seeks to provide a place in which people of all backgrounds can reconnect with the natural environment, themselves, one another, and the Creator who made them all.
